Version: 1.0 · Effective date: 1 September 2026

1. Areas served

NovaShop delivers throughout Morocco through its network of logistics partners. Areas are grouped into three categories:

Area	Main cities	Indicative time
Area A	Casablanca, Rabat, Salé, Témara, Mohammedia	24 to 48 hours
Area B	Marrakech, Fès, Tanger, Agadir, Meknès, Oujda, Kénitra, Tétouan	2 to 4 business days
Area C	Other cities and rural areas	3 to 6 business days

Times run from payment confirmation, not from order placement. An order placed after 16:00 or on a Sunday is processed on the next business day.

2. Delivery fees

Order value	Standard fee
Below 500 MAD	39 MAD
500 MAD and above	Free
Area C	49 MAD (free from 800 MAD)
Cash on delivery	+25 MAD service fee

Fees are displayed before order confirmation. No additional fee may be requested at the time of delivery.

3. Preparation and dispatch

- Warehouse preparation: 2 to 24 business hours.
- A tracking number is sent by email and SMS as soon as the parcel is handed to the carrier.
- Orders containing several items may be shipped in several parcels, at no extra cost.

4. Home delivery

The carrier contacts the customer by phone before delivery. The customer must be reachable and present an identity document for orders above 3 000 MAD.

After two failed attempts, the parcel is returned to the warehouse. The customer is then contacted to choose between a new shipment (39 MAD fee) and a refund (initial delivery fees not refunded).

5. Store pickup

Free pickup is available in the Casablanca, Rabat and Marrakech stores. The customer receives a pickup code and has 7 days to collect the order. After that, the order is refunded or reshipped at the customer's request.

6. Delivery delay

A parcel is considered late when the maximum time for its area has been exceeded by 3 business days. The customer may then:

1. request a carrier investigation (answer within 48 hours);
2. cancel and obtain a full refund if the parcel cannot be located;
3. wait for delivery with a 50 MAD store credit as compensation.

In case of delay caused by exceptional circumstances (strike, severe weather, force majeure), NovaShop informs the customer and offers a new deadline or a refund, without penalty.

7. Damaged or opened parcel

The customer must refuse a parcel that is visibly damaged or opened and report it immediately to the carrier. If the damage is noticed after opening, the customer has 48 hours to send photos to support. See POL-09.

8. Incorrect address

NovaShop is not responsible for delays or losses caused by an incorrect address or phone number provided by the customer. Reshipping is charged 39 MAD.

9. Relay points

A relay point is a partner shop (newsagent, convenience store, local shop) approved by NovaShop for parcel drop-off and collection. It allows delivery when the customer is away from home and return drop-off without visiting a NovaShop store.

- The customer selects the relay point at checkout from those offered for their city.
- The parcel is held for 5 business days from the moment it becomes available.
- Collection requires the order number and an identity document.
- Parcels exceeding 20 kg or 100 cm on one side are not accepted at relay points.
- After the holding period, the parcel returns to the warehouse and the customer is contacted under the conditions of section 4.

The relay point is also the return drop-off method described in POL-01, section 6, and in PRO-02, section 6.
