2. Principles applicable to customer support

Principle	Application at NovaShop
Determined purpose	Each collection is tied to a documented purpose (POL-06)

3. Declaratory obligations

The processing of personal data is subject to formalities with the CNDP. Support must not state that a processing operation is "declared" or "compliant" without verification by the DPO.

Point of attention: the existence, number and scope of a CNDP declaration must be confirmed before any communication. No fictional declaration number may be published.

4. Sensitive data

The law strictly regulates sensitive data (health, origin, opinions, religion, biometric data). NovaShop does not collect any.

If a customer spontaneously communicates sensitive data in a support exchange, the agent must:

1. not record it in the ticket description field;
2. not reuse it;
3. refer the customer to the DPO if necessary.

5. Transfers and subcontracting

Any subcontractor processing data on behalf of NovaShop must provide sufficient guarantees. Transfers outside Morocco must be covered by appropriate contractual safeguards.

6. Data breach

In the event of a breach, the DPO is informed immediately. Notification to the CNDP and information of the data subjects may be required depending on severity.
